

Goal: Generate ideas and recommendations about improving the stewardship of trees in Lake Oswego through individual, collective and community action.

ME – what can I do to improve tree stewardship and promote healthy tree canopy on my property?

WE – what can I do with others in Lake Oswego to improve tree stewardship and promote healthy tree canopy in my neighborhood?

OUR INSTITUTIONS – what can I do in partnership with our public and private institutions in Lake Oswego to improve tree stewardship and promote healthy tree canopy throughout Lake Oswego?
